

Volunteers needed at the CDC

Posted on [May 5, 2009](#) by [admin](#)

PLEASE JOIN US!

WHEN: Saturday, May 23, 2009

WHAT TIME: 8:00 am – 12:00 pm

WHAT FOR: The North Fork CDC needs to install a temporary fence around the area where the kiln and boiler buildings once stood. As you may know, asbestos abatement and demolition of these buildings has been completed. And now, the area needs to be enclosed in a temporary fence (approximately 2,000 feet around) as concrete remains for future use. The NFCDC will provide all fencing and installation materials, plus earplugs! All we ask is that you bring your own gloves to cover and protect your hands when doing the work. Please bring your fence post rammer if you have one.

A delicious and well-earned lunch will be provided to all workers starting at 11:00. This will consist of hot dogs, hamburgers, potato chips and an array of desserts!!!

RSVP: Jill Mross at the North Fork CDC, 877-2244. If she is out of the office or you call after business hours, please just leave a message.

THANK YOU!
