

# Tire Amnesty at the Mill Site on Saturday

Posted on [April 16, 2009](#) by [admin](#)

There will be a Waste Tire Amnesty Day in North Fork this Saturday (April 18th). The County will take up to 9 tires for free. Tires are accepted with or without rims. No tractor/diesel tires or larger accepted, though.

You must make a reservation to participate in this event. Call Madera County Code Enforcement: 675-7821. You can then drop off your tires at the North Fork Mill Site between 8 am and noon on Saturday.

The tires are hauled to rubber recycling centers and reused as landscape and playground material.

It will soon be Earth Day; now's the time to clean up those tires!
