Tire Amnesty!

The county will have a truck and trailer at the Mill on Friday, 2/24, from 9 to noon to collect old tires. You do not need an appointment, according to Les (phone #675-7821). There is no per load limit BUT if you have a lot of tires he needs to know to have enough trailers to haul them away. No out of county tires and proof of residency is required. Call him if you have specific questions.
