

North Fork-South Fork Area Plan

2003

[Here is a complete copy](#) of the North Fork-South Fork Area Plan. It was last updated in 2003. The copy posted on the County website is incomplete (missing all even numbered pages). Odd, eh?

We will send this complete copy to the County and ask them to post it in place of the incomplete version.

Thanks to Sarah Rah for having the only complete copy around!
